## George Landreth, Big Game Hunter, Speaks May 23

George H. Landreth will show pictures of his African safari and adventures at the Alumni Banquet to be held here at 7 o'clock, Saturday night, May 23. A faculty reception for alumni will precede the banquet.

Landreth, who left Joplin Junior College in 1947, married Alice Martin, a former attendant at a Crossroads coronation. Landreth graduated from the University of Oklahoma in 1949 with a Bachelor of Science degree in petroleum engineering.

He worked six years for Pan American Petroleum Corporation in various capacities in Texas. Landreth and three other men are now partners of eight consulting petroleum engineering firms. He is president of Andector Gas Company and Western Ammonia Corporation.

Landreth and his wife made a safari to Mozambique, Africa. They have made big game hunting trips to British Columbia, Canada, to Alaska, and to Old Mexico, as well as to the western part of the United States. They were the second husband and wife team to achieve the "grand slam" in bighorn sheep, and Mrs. Landreth was the first woman.

Mrs. Homer Miller, Alumni president, will preside, and music will be furnished by the Stage Band.

## Holden Wins Two Scholarships

Bob Holden, sophomore at Joplin Junior College, recently received notification that he has won two scholarships to Denver University. One scholarship covers one third of the \$900 tuition. The other, a music activity grant, provides one half tuition for the first quarter. The grant is renewable each quarter if an "S" average is maintained by the recipient.

Bob plans to major in music education with emphasis on instrumental music.

## Physics Instructor To Attend Institute

Arthur L. Strobel has won the opportunity to attend a Summer Institute for College Teachers of Physics sponsored by the National Science Foundation. The Institute of June 22 to August 28 will be held at the University of Kansas. Only 30 of more than 100 applicants were accepted.

The College physics instructor will take courses in "Atomic and Nuclear Physics" and "Solid State Physics." His wife and children will accompany him.

## Jack Burke, Larry Cusack To Head Senate

Jack Burke and Larry Cusack will head next year's Student Senate. Burke was elected president and Cusack vice-president in an all-school election, May 8. Other officers elected are Linda Allington, secretary; Joyce Miller, treasurer; and Patti Smith, parliamentarian.

Proposed changes in the Constitution passed.

## Richard Hood Wins Gold Key For Journalism; Six Rate First

Richard Hood of The Chart staff has won a gold key for the best human interest story published in Missouri junior college newspapers, this year, according to a news release of the Missouri College Newspaper Association.

Other staff members received 12 certificates for excellent work. MCNA Director Dale Spencer said that professors of the School of Journalism at the University of Missouri read 676 entries from colleges in the state.

Ron Hiser received two "Rank I" certificates for editorials, one for news, and one for special and regular columns. Others receiving "Rank I" certificates include Karen Anderson, two for news and one for editorials; Gay Hopkins, one for editorials and one for human interest; Kay Pearson, for features; Doris Dotson, for editorials; and Gary Roney, for editorials.

## Actors Give Program

Some College Players will present a program for the Lawrence County Chapter of the Red Cross May 19, in the sanatorium at Mount Vernon. John Koeneman will be in charge of the program which will feature Gary Roney, Pam Plummer, Ann Francisco, Leon Tarrant, and Judy Rainwater.

## Rev. Rowland To Give Sermon At Baccalaureate

The Reverend Perry A. Rowland, district superintendent of the Methodist Church, will give the baccalaureate sermon at 3 o'clock Sunday afternoon, May 31. A faculty reception in the cafeteria will be held after the services for students, their relatives, and their friends.

The Reverend Victor Whited, minister of Park Plaza Christian Church, will present a scripture reading, and the Reverend Charles T. Hudson, of South Joplin Christian Church, will give the invocation and benediction.

Caps and gowns may be checked out of Room 123 Tuesday morning, May 26, according to James R. Maupin, chairman of the committee in charge of baccalaureate and commencement. He said that all prospective graduates should attend baccalaureate and commencement rehearsal at 1 o'clock Tuesday afternoon, May 26, in the auditorium.

Students wishing to purchase a class picture, which will be taken after the practice, should pay their \$1 at rehearsal. Boys should wear white shirts and black ties for the picture, Maupin emphasized.

## Faculty Jots

Oliver Sovereign served as an adjudicator on April 16 and 17 for the Oklahoma State vocal contest held in Stillwater at Oklahoma State University. He worked in the same capacity at Phillips University April 30 and May 1.

Paul E. Jensen recently retired as President of the Southwest Missouri Council of Mathematics Teachers.

Miss Martha McCormick attended a meeting of the Mathematical Association of America April 18 in Columbia.

Miss Cleetis Headlee attended an annual spring conference of the Missouri Association of Teachers of English in Columbia.

Merrell L. Junkins and James Lovern took members of their classes to visit the mental hospital in Nevada last Friday.

Dr. Lloyd Dryer gave a retirement address for a former teacher and student of his at Northeastern A&M College, May 8, in Miami. She had once been his English teacher and principal, and he later had her as a student in one of his classes.

Miss Lela Smith is currently judging essays submitted for the annual scholarship essay contest sponsored by Rocketdyne Management Club of Neosho. Topic for the 300-word essay is "Should the United States Continue Its Program of Space Exploration?"

## President Wood Will Deliver Commencement Address June 1; 137 Graduates Will Hear Talk

President Roi S. Wood will deliver the commencement address for 137 graduates at 8 o'clock Monday night, June 1, in the College auditorium. Head of the College since February 1944, he has long been instrumental in the progress of Joplin Junior College.

In 1961 he was influential in the passage of House Bill 221 which provides for formation of junior college districts, establishment of state junior colleges, and payment of state funds to junior colleges. After this year, President Wood will give up his official position at the College to devote full time to the duties of Superintendent of Joplin Public Schools.

The Reverend Carlyle V. Barnard, minister of First Christian Church, will give the invocation, and the Reverend Charles R. Hutsler, of Royal Heights Methodist Church, will deliver the benediction.

Prospective graduates with an Associate in Arts degree are Terry Albright, Bobbie Allen, Judith Arwood, Kay Baker, Herschal Baum, Charles Belles, Millie Blankenship, Betty Brown, Roger Brown, Carole Burnham, Margaret Burns, Margaret Butler, Kathleen Cadman, Douglas Carter, Billy Chapman, Carol Chickering, Karen Church, Marilyn Clayton, Vicki Clement, Victor Colson, Jr., James Coodey, Penny Craig, Gary Crawford, Steven Cupp, Kay Cyrus.

Associate in Business degree: Christina Alley, Jane Blake, Jean Blosser, Mary Graber, Sharon McClellan, Phoebe Pigg, Sharon Shepherd, Martha Smith, Joyce Wilson.

Associate in Music degree: Robert Holden, Carole Smart.

Associate in Technology degree: Charles McCoy, Donald Pyle, J. D. Ransom, Fred Scherle.

## Donna Doerge and Bob Moskop Will Present Concert Sunday

Donna Doerge and Bob Moskop will present a combined graduation recital at three o'clock Sunday afternoon in the auditorium.

Mrs. Doerge, a student of Mrs. Lorraine Riley, will sing "Minuet to Allegro" by McDowell; "A Pastoral" by Veracini; "Non So Piu" by Mozart; "Jardin D'Amour" by Keel; "Let All My

Life Be Music;" and "Walk Slowly, Dear" by Palmer.

Moskop, a student of Russell E. Benjamin, will play on the piano "Rhapsody in Blue" by Gershwin; "Valse in C Sharp Minor" by Chopin; "Humoresque" by Rachmaninoff; "Concerto in D Minor" by Thompson. He will be accompanied by the College Concert Band.

### Make Summer a Time to Read

You don't know what books to read? The only ones you are familiar with are zoology textbooks and tales of bunny rabbits and slow-footed tortoises? The former you want to get as far away from as possible and the latter are too juvenile for sophisticated college students?

If this is the case, there's a volume in the College library that's just for you. It's called "Book Reviewing" and it was written by John E. Drewy. The book lists the 700 books recommended by the New York Times for the home library, the 100 books forming the basis of the curriculum of St. John's College, the 100 books chosen by prominent Americans for the American Library Association, the Pulitzer Prize winners, and the winners of the Nobel Prize for Literature. Maybe 700 books are too many for one summer but you can be assured that what you do read will be worth-while. — R.G.H.

### What Makes Good Government?

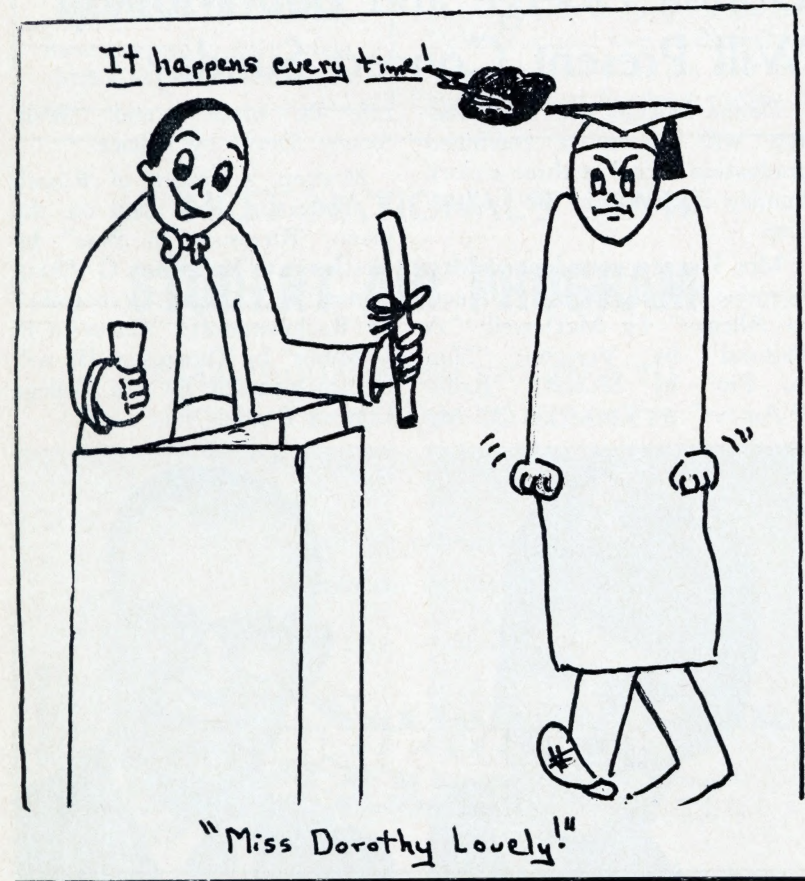

How many times have you heard some student say, "Why don't we have a voice in that decision?" Or, "Why can't students decide more things?" These questions were answered at the fourth period assembly April 30, which presented candidates for next year's Student Senate offices. The answer comes in six letters, a-p-a-t-h-y. More bluntly, it may be paraphrased "lack of interest on the part of students."

If you were there, you must admit that attendance was poor. If you weren't there, you must take our word for it. Agreed, this was not a moment of earth-shaking importance. However, it was definitely important as a time for getting valuable first impressions of the candidates.

To want good government is not to get it. To obtain good government is to have an interest in it and to work toward achieving it.

Officers represent each person enrolled at Joplin Junior College. They cast a long shadow, for even graduates of JJC may be damaged by poor reports of the present student body. We as collegians cannot afford the detrimental effects of a student body officer who takes his job lightly. It is certainly in our best interest to support a leader who will apply himself to achieving good leadership and who will strive to present a firm image of Joplin Junior College.

In our transitional period next year, we will find the eyes of the public focused upon us more than ever. Let us urge the newly-elected officers to accept this added responsibility. Let us further urge that each member of the student body actively support the Student Senate and class officers. — R.R.H.

## Three Landmarks Stand Out in College Progress During Administrator's 20 Years of Leadership

There have been three major landmarks in the progress of Joplin Junior College in the eyes of the man who has guided this progress for the past 20 years.

President Roi S. Wood lists as the first major landmark the approval of the College by the North Central Association of Colleges and Secondary Schools in 1949. The second major landmark came with the moving of the College from its old home at Fourth and Byers to the current location in 1958. The third occurred in 1961 when the Missouri General Assembly and Governor John Dalton passed legislation officially recognizing the public junior college and providing state aid to junior colleges.

Under this legislation the public junior college can encompass a district separate from that of the public high school for the first time. Since the enactment of this law, three new college districts have resulted, and Joplin Junior College has expanded to Jasper County Junior College. The other colleges are the junior college of St. Louis in St. Louis County, Jefferson County Junior College, and Crowder College.

When asked about the greatest problems Joplin Junior College has had during his time as president, the administrator replied that the greatest problem came in the middle of the 1940's.

### Crossroads Distributes Annual; Holds Dinner

The 1964 Crossroads came out Monday carrying a Seasons of the School Year theme. New additions to the yearbook include a Who's Who Section, two pages each for the various Queens, and a longer format than in previous years.

The annual staff held their awards dinner May 8.

### Fifteen Students Receive AMS Ratings

Fifteen JJC students who took the Administrative Managerial Society Business Entrance tests, originally known as NOMA, have received ratings of proficiency from AMS.

Those awarded proficiency cards in bookkeeping are Mary Bybee, Ronnie Roeber, Jerry Lehr, Roger Hoyt, Tom Higdon, and Ed Norvell. Superior proficiency certificates were presented to Michael Mitchell, John Schaefer, Janice Wickstrom, Nina Haggard, Don Kellhofer, and Ray Holden.

Joyce Wilson received a proficiency card in shorthand and a superior proficiency certificate in typewriting. Wilma Hood was awarded a superior rating in shorthand and Margaret Gollhofer rated superior in typewriting.

President Roi S. Wood

During that time, he said, a general apathy existed as to the "worthwhileness of JJC and the brightness of its future."

With this problem now more than successfully overcome, JJC has a fine potential, in the opinion of President Wood. He foresees the development of "a fine comprehensive college which will meet the needs of Jasper County and adjacent areas."

Replying to a question concern-

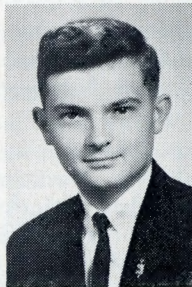

Herb Schade ...

### A Demonstration of Versatility

From playing the saxophone to raising Pekingese in the back yard, from peering through a telescope to singing in Choir, from achieving Phi Theta Kappa membership to reading science fiction novels, Herb Schade makes swift and natural transitions. While so many college students concentrate solely in one field of interest, Herb is active in several fields and proficient in many.

The sophomore impresses many as an efficient, well-organized young man. He is a "very conscientious student," according to Miss Martha McCormick. (Herb takes courses at Juco to prepare him to major in physics at Kansas State in Pittsburg.)

With his many activities, he has to be efficient. He sings in the Joplin Junior College Choir and his church choir; he plays in the Stage Band, the Concert Band, the Civic Symphony, and his own dance band, The Col-

ing his personal satisfactions during his tenure of leadership, Wood gave four examples. To begin with, he stressed the development of JJC from a school with enrollment of approximately 90 students to the present 1,036. Then he mentioned that "getting together an outstanding faculty" has been a source of pleasure to him.

"One of the greatest satisfactions is the fine records that JJC graduates have made in senior colleges and universities," President Wood stated. He said that he has often been told by admission officials that it is more nearly correct to rate students of their institutions with the accomplishments of Joplin Junior College graduates than to rate JJC graduates with students from other colleges. Smiling, he added, "I have been filled with pride many times to learn that our JJC graduates led the parade in many four-year institutions."

President Wood emphasized that his greatest satisfaction has been with the progress made by the hundreds and hundreds of students who made their beginning at Joplin Junior College.

legians. Not only does he make good grades, but he works actively in Phi Theta Kappa, serving recently as program chairman for the initiation and banquet. In addition, Herb serves as treasurer of the Engineers' Club.

In his spare time, if you will believe he has any, he listens to his stereo and sometimes tapes selections which he plans to adapt for The Collegians. He may also play with one of the dozen dogs which inhabit the back yard. Herb denies that the Pek's completely cover the grass. The fact is, there wasn't too much grass to start with, he says.

The Collegians occupy much of his time and will do so even more this summer since they have a contract to play five nights a week at Shadow Lake. Included in his band are two other college students, Randy Graue and Steve Garrison, and Glen Johnson, who helped Herb form the band.

Versatility is the word when it comes to listing the instruments he plays. At different times he plays the clarinet, the saxophone, the bass guitar, or the string bass. Versatility in many areas, as Herb so ably proves, is possible without sacrificing quality.

The Chart, publication of Joplin Junior College, Joplin, Missouri, publishes 12 issues during the school year. Member of the Missouri College Newspaper Association.

This issue was published by the freshman staff, under the chairmanship of Ron Hiser and Richard Hood.

## Phi Theta Kappans Return With Bird Houses, Driftwood, Ideas

Awaiting departure from the Kansas City station are four of the delegates, Linda Caldemeyer, David Rouse, Margaret Ruddick, and Tom Higdon.

Six students and Mrs. Grace Mitchell, an advisor for Eta Chi chapter of Phi Theta Kappa at Joplin Junior College, returned to the College April 27 after attending the thirty-fourth annual convention of Phi Theta Kappa April 21-24 in Aberdeen, Washington. The 5000-mile trip earned the delegates the honorable mention travel award.

Tom Higdon, president-elect of the local chapter, ran for national Phi Theta Kappa president but was defeated by a Texan in a close contest. He also served as chairman for the financial com-

mittee. Other members of the delegation attended workshops or sat in unofficially on committee meetings and the regular business sessions.

Mrs. Mitchell expressed delight with the showing of the Joplin group, mentioning compliments from several other Phi Theta Kappa sponsors.

## Golf Team Wins; Thinclads Take Third at KSC

Joplin won the golf championship of the annual Interstate Conference spring sports carnival May 9 at Schifferdecker park in Joplin, defeating runner-up Kansas City by 29 strokes. The track squad finished third with 44½ points in the meet at Kansas State College at Pittsburg.

Ron Baird and Glen Pearl were low men for Joplin, each carding a 36-hole total of 156. Roy Stogsdill shot a 157, and Lynn Erickson closed out the foursome with a 162 total. John Schwirtz of Kansas City was tournament medalist with a 152 aggregate.

Dan DeWalt won the discus with a heave of 139 feet, 7 inches. Bill McElfresh placed second. DeWalt took second in the shot-put, while McElfresh grabbed third. Bruce Cortez took second and Jerry Burke fourth in the 120 high hurdles.

Jack Burke scored second in the broad jump, and Frank Kennedy tied for fourth. Ron Mosbaugh made third in the javelin throw, Don Mosbaugh took third in the high jump, and Jack Devine ran third in the 880. Joplin placed third in the mile relay.

Devine took fourth in the mile, and Jerry Burke scored a fifth in the 220 low hurdles. Joplin scored fourth in the 880 relays.

## Lions Take State Golf Title, Second in Track

Glen Pearl, Ron Baird, and Roy Stogsdill look on as Lynn Erickson demonstrates his golfing ability.

Joplin Junior College took first place in golf in the annual Missouri junior college spring sports carnival April 30 at Lexington. They also captured second place in track competition for the third straight year.

Dan DeWalt took individual honors in the track and field competition. He hurled the discus 182 feet but it sailed outside the foul lines by 10 to 14 inches. If the throw had landed in legal territory, it would have shattered the national junior college discus mark of 171 feet. DeWalt went on to better his own state discus record with a legal hurl of 153 feet, 10 inches.

Coach Doug Landrith's golf squad shot a new four-man, 36-hole record medal score of 532, four strokes better than the one set three years prior to this one.

Freshman Ron Baird equalled the individual medalist record of 125. Baird carded a 63-62 with a 125 total Thursday.

Juco took four firsts in track, points totaled to 50½ for second. DeWalt scored two of these four firsts. He also won the shot put with a record breaking throw of

46 feet, 3 inches, beating the previous record of 44 feet, 11¼ inches.

Ron Mosbaugh, throwing the javelin for the first time in competition, won the event with a heave of 171 feet, 11 inches.

Juco's other winner was Jack Burke, taking the broad jump with a leap of 20 feet, 3½ inches. Ron Mosbaugh was third in the broad jump.

Other athletes scoring in the meet included: Bill McElfresh, third in the shot put; Don Mosbaugh, tying for second in pole vault, and placing third in 220 sprint; Jack Burke, fifth in the 100-yard dash; Jerry Burke, third in 220 low hurdles; Jack Devine, second in half-mile and third in mile; and Frank Kennedy, fourth in 220 low hurdles. In the mile relay team Jack and Jerry Burke, Devine and Kennedy placed fifth.

In tennis Juco's Ron Attuso and Pat Franklin bowed in their first test 6-4 and 6-4. However, Kenny Oxendine won his first singles test, 6-2, 2-6, and 6-2.

## DeWalt Sets Record In Discus Throwing In Springfield Relays

Danny DeWalt, Joplin Junior College discus thrower, broke his own record April 25 in the third annual Springfield State Relays.

DeWalt, a sophomore, hurled the discus 151 feet, 8 inches, superseding his previous record of 132 feet, 7½ inches.

DeWalt was the only J.J.C. athlete to register a first place in the record-breaking meet which saw only one of the junior college division marks remain standing.

Bill McElfresh threw the shot 45 feet, 11 3/8 inches for second place in that event; DeWalt took third place with a throw of 44 feet, 10½ inches. Both performances improved the relays record. DeWalt's discus throw and McElfresh's shot-put performance broke the J.J.C. record in that event.

In the triple jump Don Mosbaugh placed third with 38 feet, 7 inches.

Third place in the 440 relays was awarded to Jack Devine, Don Mosbaugh, Jack Burke, Jerry Burke.

Coach Dudley Stegge said that Bruce Cortez, a freshman sprinter, hurdler and high jumper, pulled a muscle and was unable to compete.

## Instructor Writes Article on Gray Bats

David C. Bingman, science instructor at J.J.C., co-authored an article on a colony of gray bats in Southeastern Kansas, which appeared in the March 12 issue of the Journal of Mammalogy.

The breeding colony of gray bats, which is now located in the city limits of Pittsburg, is the first reported in Kansas. A single specimen was reported in the same area in 1958. This colony, estimated to contain some 400 bats, is located in a storm sewer near Ford Street and has been observed for the past year.
